

Santa Specials 2010

Christmas At Lappa Valley Steam Railway

Santa is on his way!

Following the wonderful visit of Father Christmas last year, our steam engines Zebedee and Muffin have written to ask him to visit them again in their beautiful home in the Lappa Valley. He will set up his special Christmas grotto from Sunday, 5th to Thursday, 23rd December.

At Christmas time, the Lappa Valley Steam Railway becomes a sparkling wonderland. Benny Halt, East Wheal Rose and even the train carriages are decorated with twinkling lights. The more you look the more you can see.

Board our Steam train at Benny Halt and take a magical ride to East Wheal Rose, where you will meet Father Christmas in his grotto - each child will receive a quality present. Two miniature trains will then be waiting to take you for more exciting rides.
